10. (Internal Use Only - JGO) Met with Mrs. Edna Kelly and advised her that although we were familiar with the case of Mr. [redacted] AID employee, no file was maintained since he was an American citizen employee of another Federal agency. I suggested therefore that she contact AID on this matter. With regard to Mr. [redacted] now in Geneva Switzerland, I advised that we have no information on him or his activities but that since I understood from her in our meeting that she had also requested this information from the Bureau, I trusted that she would be hearing from them on this matter. In regard to [redacted] Mrs. Kelly requested that I come by on Tuesday so that she might provide me with his name and address which she thought her office staff had forwarded to this Agency. Mrs. Kelly appeared satisfied with the responses to her two requests. No further action appears necessary with regard to them.

11. (Confidential - JGO) Met with Mr. Al Westphal, House Foreign Affairs Staff, and outlined for him the 1961 amendment to the Espionage Act extending it for overseas areas; responsibility of the Bureau, for investigation of claims under title 18, the fact that we do conduct investigations when requested by the Bureau; and that information ascertained for Agency activities abroad is transmitted to the ambassador. Mr. Westphal is attempting a short paper on this question and will provide us with a copy.

12. (Confidential - JGO) Met with Mr. Frank Schupp, Staff Consultant, House Foreign Affairs Committee, concerning H.R. 12259 relating to determination of amounts of claims of nationals of the United States against the Government of Cuba. Mr. Schupp was interested on an informational basis whether the 1 January 1959 date in our judgment should be earlier to include instances against the Batista regime; whether such authority might result in duplication of awards with regard to persons who have been killed inside Cuba; and whether there might be any other matters within the framework of this legislation where the Committee might be of assistance to the Agency or its needs by inclusion of appropriate material in the Committee report which is under study. I advised that I would review the matter and be back in touch with him on Monday. I also thanked him for his consideration.
